JAMIA ISLAMIA ISHAATUL ULOOM  
**ANNUAL REPORT**  
YEAR 2022-23

Hon. Ghulam Mohammad Vastanvi  
*Founder & President*

44

Annual Report

# President's Message

It's an immense pleasure for me to present the 44th Annual Progress Report of Jamia Islamia Ishaatul Uloom, Akkalkuwa. In the 44 years since its inception, the Jamia has grown from 1 teacher and 6 students to 7311 staff (teaching and non-teaching) and 17,1987 students in 19 states of India. It has received recognition for its work in education, vocational training, healthcare, water, food, livelihood, sponsorship, scholarship, women's empowerment, livelihood support, housing, community centers, relief and rehabilitation, and other areas in a short period of time. Alhamdulillah! This year, Jamia educated 18460 students and impacted 10814927 needy people across India. Since 1979, Jamia has educated over 413208 children and benefited 492825 impoverished people through its different education and social welfare projects. I am indeed delighted to inform you that Jamia Islamia Ishaatul Uloom has become the most prestigious, influential, and one of the largest operational organizations in India. We know that Jamia's achievements were possible because of you all were with us to support our activities and encouraged our efforts. We put all our efforts into our mission of empowering the Ummah with education, and skills-based training and making them self-reliant.

I believe it is our responsibility to impart knowledge that contributes to the personality development of students and embeds a humanistic perspective. We endeavor to instill moral values and an outlook that is secular and truth-seeking. In our modern society's relentless pursuit of profit, we have put humanitarian values on hold and sometimes forgotten them. Jamia is dedicated to assisting the poor, minorities, and tribal communities. Girls' education is also a high priority on our agenda.

All our schools and colleges are accredited and recognized by the state and central governments' concerned bodies. They include professional colleges like engineering, medicine, education, and pharmacy as well as vocational centres like ITI and polytechnic. We have 104 primary, secondary, and high schools spread across 19 different states of India, mostly in rural areas. There are 33 special girls' schools, including residential ones. The total strength exceeds 171987. We are working tirelessly to spread education through the internet, reach out to as many places as possible, and serve the people. As part of our charity services, Jamia carries out relief and rehabilitation work, provides free treatment at hospitals, monthly food packs, drinking water through bore wells, hand pumps, and water tanks, free school supplies to needy students, sponsorship to orphans and poor students and livelihood support to widows, the disabled, the jobless, and poor daily wage earners.

However, much work remains to be done for imparting education, skills, and Islamic values to all and making our underprivileged community across India progressive and self-reliant. Over 200 million Muslims live in India, and still, a large part of the community is suffering from illiteracy, poverty, hunger, poor health, injustice, insecurity, and lack of constitutional protections, according to our ground reports, the 2011 Census report, the Sacher Committee report and others like the NSSO, Oxfam, and ASER 2022.

Lastly, I would like to thank all our supporters, well-wishers and donors for their continued belief in Jamia, their great and unconditional support, and contribution to Jamia's mission, programmes and projects. I hope your support for us will continue until our community in India achieves its constitutional rights and becomes self-sufficient and 100% educated.

I pray that Allah allows me to continue this work and I seek His blessings.

Most sincerely

**Ghulam Muhammad Vastanvi**  
Founding President

# Introduction to Jamia

Jamia Islamia Isha'atul Uloom (Registration No B-139, Dhule) Akkalkuwa in Maharashtra's Nandurbar district is one of the greatest and growing modern educational and developmental charitable trust, established in 1979. It has achieved remarkable success in moral and modern education, development and humanitarian welfare within a very short span of time. It rekindled the interest of education and development among the backward, underprivileged and tribal communities along with such developmental services in many districts and states as establishing moral and modern educational centers and orphanages, organizing educational seminars in villages, providing modern and technological faculties of ITI, engineering and medical sciences, building colleges for teachers education and training, constructing and repairing multi-specialty and primary hospitals, community development centers, providing safe drinking water, and taking responsibility to arrange food kits for the poor and the needy families especially in poverty-stricken and unreached areas.

## Vision

1. To impart 100% literacy throughout the country
2. To bring down the percentage of health issues to half
3. To reach each and every individual residing in tribal areas and villages of India to solve social and welfare issues

## Mission

1. To establish a school with moral and modern education in every city of India
2. To establish hospitals, clinic and medical camps in all the villages and tribal areas of the country
3. To establish community centers and provide safe drinking water in poverty-stricken and unreached areas of the country

## Aims and Objectives

- To direct and coordinate spiritual reformation for preserving the traditional identity in its purest form
- To educate, train youth for overall development to overcome the problems they face in recent times and modern society
- To provide supportive structure, encourage positive attitudes and engage to build an integrated society with high morals
- To establish relationship of dialogues, understanding and appreciation between various organisations
- To make efforts in the area of moral and educational human development

## Deeniyat Section

Admission begins every year on  
**7<sup>th</sup> Shawwal**

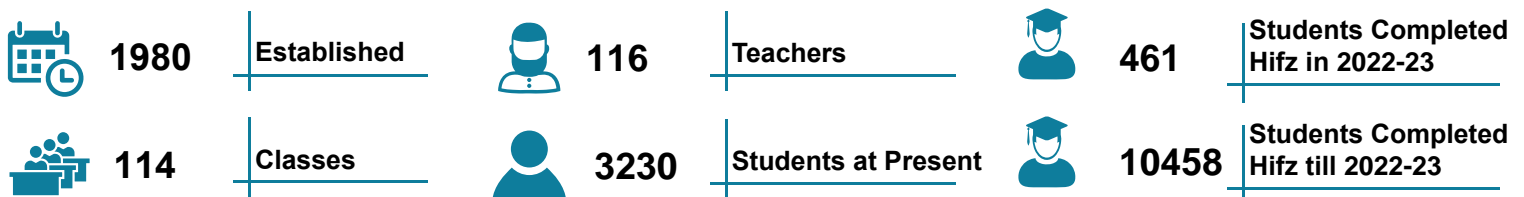

After successful completion of this 3 Year Course, students are able to read, write and understand the subject matter in Arabic and Urdu texts.

## Hifz Section

Admission begins every year on  
**7<sup>th</sup> Shawwal**

In the beginning, it is hard to memorize but with continued motivation and consistency of teachers, students are able to memorize the Qur'an. Memorizing requires Discipline, Punctuality, Regularity and Good behavior. Along with the memorization, these students are taught all issues that pertain to living and practical life

## Tajweed & Qirat (Intonation Section)

Admission begins every year on  
**7<sup>th</sup> Shawwal**

Tajweed means the correct pronunciation of each word of the holy Qur'an. It means proficiency. It is a long-term process to get proficiency and mastery over proper pronunciation. The department was set up to develop the quality of proper recitation of the Qur'an. The proper pronunciation is mandatory to recite the Glorious Qur'an in its originality.

## Modern Education For Madrasa Students

Modern and contemporary education have been introduced along with Islamic studies. The method and system that has been introduced for teaching these subjects are:

English and Mathematics are taught from the first to the sixth standard in the Three-Year Course of Teaching known as Deeniyyat.

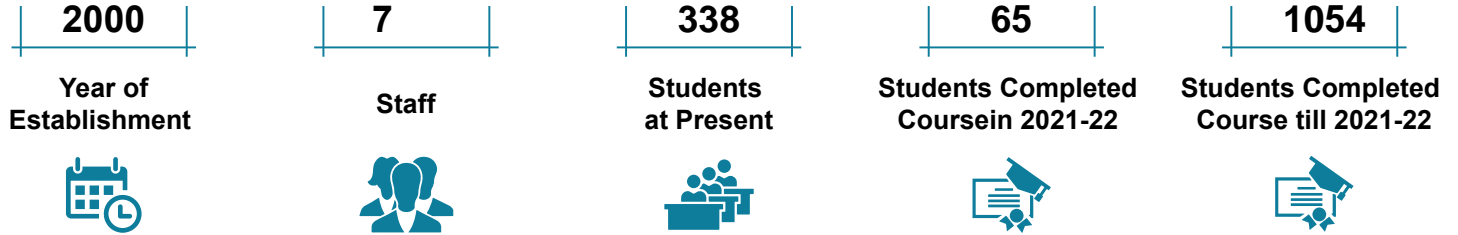

After that our student enters our next section, the department of Education of the Quran. Here, we focus on memorizing the Quran only because our goal is to get the education of the Quran completed in one and a half to two years. Almighty Allah blessed Jamia with success in this effort. Thereupon some students succeeded in memorizing the Quran completely in one and a half months and some in two months. We encourage the students, not enrolled in our department of Teaching (Deeniyyat) and are directly enrolled in the department of Education of the Quran take more time to complete the memorization. So, the first teaching is reading and writing Urdu correctly. Then the English and Mathematics subjects are taught in the teaching section. After completing the education of the Quran, our students are enrolled in our third section, known as the Department of Education, which is comprised of eight years. These are taught in science, geography, social science, Hindi and Moral along with English and Mathematics in Aaliyyah. It is in the second year of Aaliyyah that modern subjects of the eighth and ninth standard are covered.

After admission to the first, second and graduation.

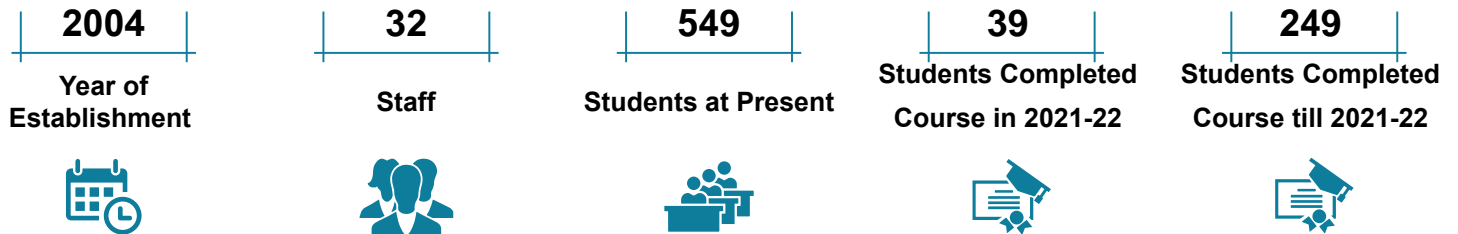

We do not admit our students to the contemporary education department in the first two years of the education department with the aim that the students should first strengthen their Islamic faith in Arabic and Islamic studies in the beginning years of education.

In the third and fifth years of education, we enroll them for SSC and HSSC and these are recognized by the board of national and state education. Subjects for these exams are taught regularly for three years to the students of education. After the second year in Aaliyyah, after the fifth year of education and undergraduate studies, students get admission to various Specialized departments according to their interest. Our special classes are held throughout the year.

# Indian Institute of Medical Science & Research (MSS College)

It was a long cherished dream of Jamia's founder, Hazrat Maulana Gulam Vastanvi Sahab, to establish a high-class MBBS college along with a high-class hospital. The dream, by the grace of Allah, came true when Jamia received permission from the Medical Council of India, New Delhi, in the Year 2013.

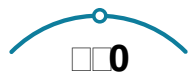

By the grace of Almighty Allah (S.W.T.), the Jamia Islamia Ishaatul Uloom's 'Indian Institute of Medical Science & Research', the Medical College Badnapur, Dist. Jalna Maharashtra, has completed 8 years since its inception very successfully.

# Project Department

Jamia's Project Department is a unique and important section, which plans to develop educational, cultural, developmental, constructional, welfare, relief and health-based projects, keeping in mind, the contexts and needs of the nation and Ummah. The department is to ensure the implementation of projects in a professional manner by managing resources from India and abroad. During 2022, project department completed 34 projects and impacted 4080 beneficiaries across the country.

## Est. of Islamic Community Centres

Islam is the second largest religion in India with 195 million people as per the 2015 census. Islamic community centers play a vital and constructive role in promoting humanity, morality, spirituality and education. These centers provide support to weaker sections of the society and make them a good and responsible citizen to the country. Community centers provide places for social gathering, mass awareness, community prayers, cultural activities and discussing social issues, etc.

**34** Projects Completed in 2022

**130** | Total Projects Completed till 2022

**230** | Total Beneficiaries till 2022

## Sponsorship for Preachers

Inviting people towards morality and spirituality is considered as one of the utmost virtues in Islam, which is the reason Prophets were sent down on earth by the Almighty one after the other for leading people towards morality. But it is not only limited to them, rather it is a continuous process, which the followers of the religion of Islam have to take up seriously. In order to fulfill the responsibility given by the messenger of Allah, Jamia runs a special sponsorship project for preachers who go to teach unaware and illiterate communities about Islam and its message of peace and humanity in the light of the Quran and Sunnah of the Prophet (pbuh).

## Request for help in erecting Muslim leadership for human society

Jamia imparts modern education too to the students seeking religious education. Thanks to this, a student obtains the following certificates of both religious and modern education:

- Hafiz, Aalim, Fazil, SSC, HSC, BA, MA, D.ed, B.ed, Computer Operating Course (NCPUL)

Jamia has chalked out a plan for the student who obtains above 90% marks in religious education, will be given full scholarship for modern education.

Therefore, you are requested to extend your helping hand in this programme. Insha Allah, these students will be very beneficial to the human society, and you will be rewarded for that.

Hafiz + Aalim + 10th + 12th	6,200
Hafiz + Aalim + Graduation (Open University- full course)	7,000
Hafiz +Aalim+ Post-Graduation (Urdu, English) (Open University, full course)	7,600
Hafiz + Aalim D.ed (Urdu, Marathi)	40,000
Hafiz + Aalim+ B.ed (Urdu Marathi)	90,000
Hafiz + Aalim+ Computer Operating Course (NCPUL/CABA/MDTP)	4,500
Hafiz + Aalim + Civil Services (IPSC/ UPSC Classes)	
UPSC & IPSC exam fees	75,000
